Harshath M.

Software Engineering Manager | Program Management | Business Process Re-Engineering | Workflow/BPMN Implementation | Budget Coordination | Team Leadership | Strategic Planning | Systems Integration | Quality Assurance

Chennai, Tamil Nadu, India

Summary

With over 15 years of experience in the IT industry, I bring a wealth of expertise as a Software Engineering Manager. Throughout my career, I have demonstrated a knack for steering strategic roadmaps and translating them into actionable project plans that consistently meet business objectives and exceed customer expectations.

My proficiency lies in leading cross-functional teams, fostering a culture of collaboration, and optimizing workflows through Agile methodologies. I excel in implementing process enhancements and automation strategies, driving significant cost savings and operational efficiencies.

My adeptness in vendor and stakeholder management ensures seamless project delivery and nurtures enduring business relationships. I'm known for my proactive approach, meticulous attention to detail, and consistent track record of achieving project milestones and objectives.
